Stanford University
School of Medicine
300 Pasteur Drive
Palo Alto, California

Dear Joshua:

I am enclosing a few samples of our bulletin which you said you were interested in. The main idea is to put together scattered literature, to retrieve hard to find information, and to make it available, primarily, to individuals in schools with less opportunity for literature search. *

Thanks for your interest and any comments will be appreciated. I enjoyed talking to you about the whole problem of information retrieving.

Best regards,

Heinz
